

Problems Demand Solutions

Connected Workplace

Seeing is Knowing

”

Visibility Matters

When a car's ahead of you, as long as you can see it, you get a tow, just like the draft in NASCAR.

Even if it's a long ways down the track, it punches a hole in the air that has to help.

When you're running alone, you can feel the difference, and it shows on the clock, too.

“

- Mario Andretti-

The Challenges

Execution

Getting it done, on time, the right way - the first way

Documentation Burden

The paper trail of indisputable audit proof

Coordination

Clinicians, vendors, and other departments juggling act

TASK LIST

- 1.
- 2.
- 3.
- 4.
- 5.

Procedure

Planning

Visibility

Documentation Struggle

REAL WORLD

We're Slammed!
Check the box to get it done!

BEST PRACTICE

Meaningful documentation,
support audits & reports.

REAL WORLD

Vendor performed work.
Where's my FSR !?!

BEST PRACTICE

FSR's always be recorded with
full hours & parts in work order.

COORDINATION CHALLENGE

Clinical

Using the
asset to provide care

IT

Supporting the
software of the assets
providing care

Facility

Supporting
the place where care is
provided

Vendors

Paid to Support
specific assets providing
the care

Smart Solutions

Dashboards

Seeing is believing
but
Look for what matters

Checklists

The Need for Speed
And
Accuracy

Alerts

Simplified Recall
Creation with a logical
Flow

Knowledge

Policy and other related
reading materials

Modern Benefits
