

30 LESSONS LEARNED

IN 30 YEARS OF BEING

IN THE HTM INDUSTRY

HUMILITY

COOPERATION

COMPETITION MEETS COLLABORATION

**HAVE A GOOD
SUPPORT SYSTEM**

THE CHEERLEADER

A MENTOR

THE COACH

**STOP THINKING
IM THE VICTIM**

GIVING UNCONDITIONALLY

FAILURE IS A BLESSING

A blue-tinted photograph of a hospital room. In the foreground, there is a patient bed with blue linens. To the right, a medical monitor is mounted on a stand. In the background, there are various pieces of medical equipment, including a large monitor and a control panel. The overall scene is dimly lit, with a strong blue color cast.

**WHAT YOU ARE DOING IN THE HTM INDUSTRY TODAY
IS IMPORTANT**

YOU MUST MAKE
YOURSELF
THE BEST
YOU CAN
BE

BE

We must be Open
TO LEARN FROM OTHERS

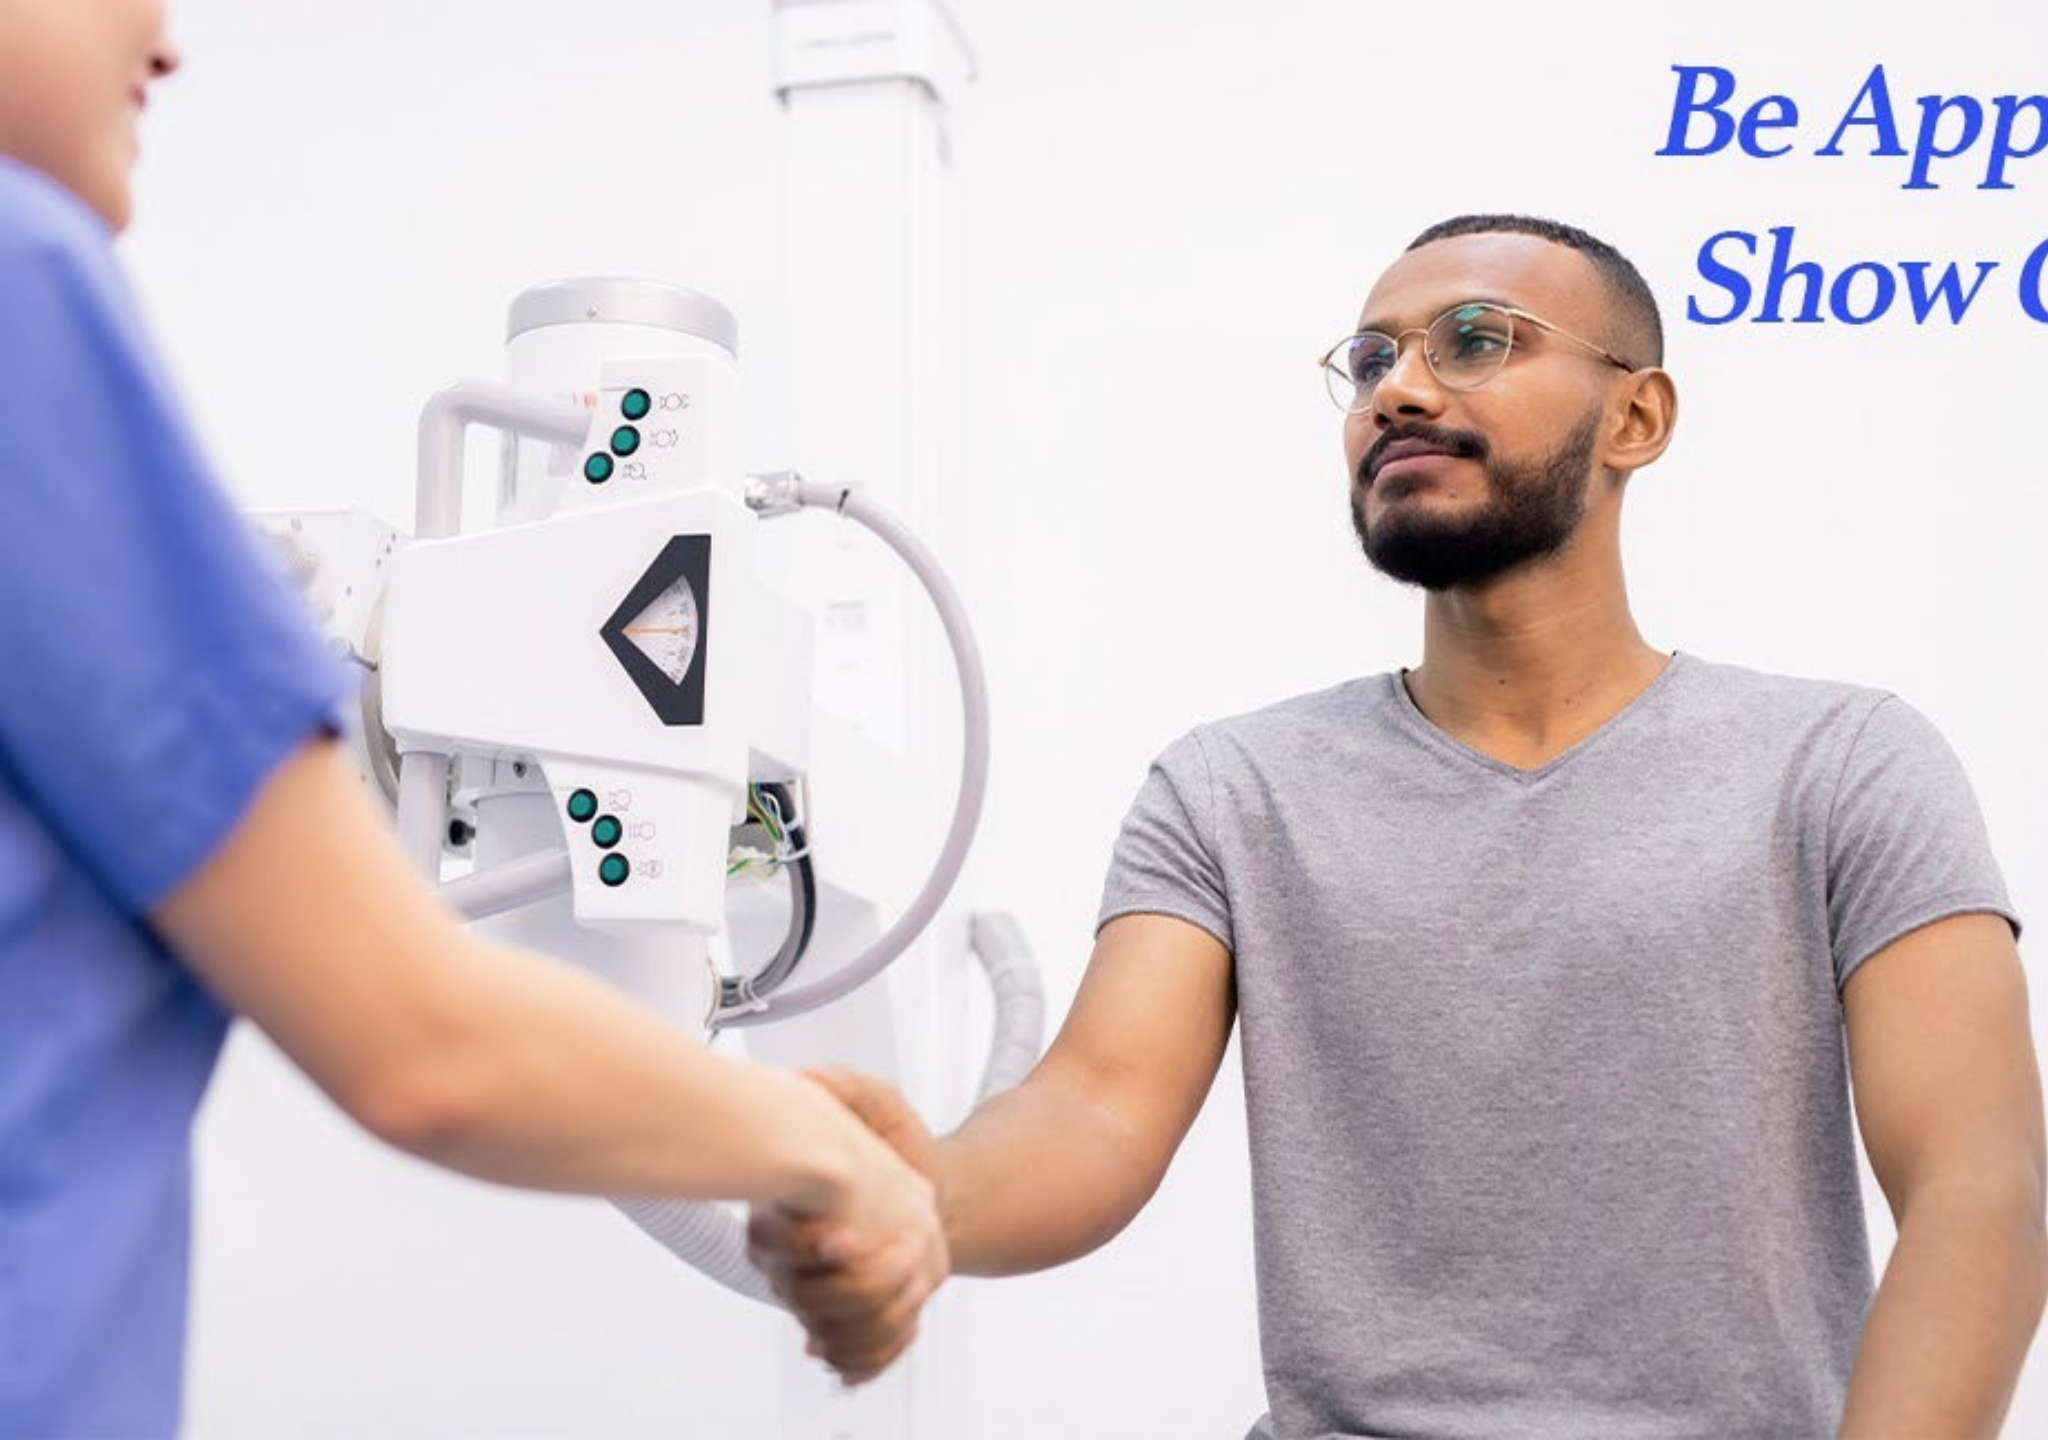

FORGIVENESS

*Keep a **POSTIVE** mindset*

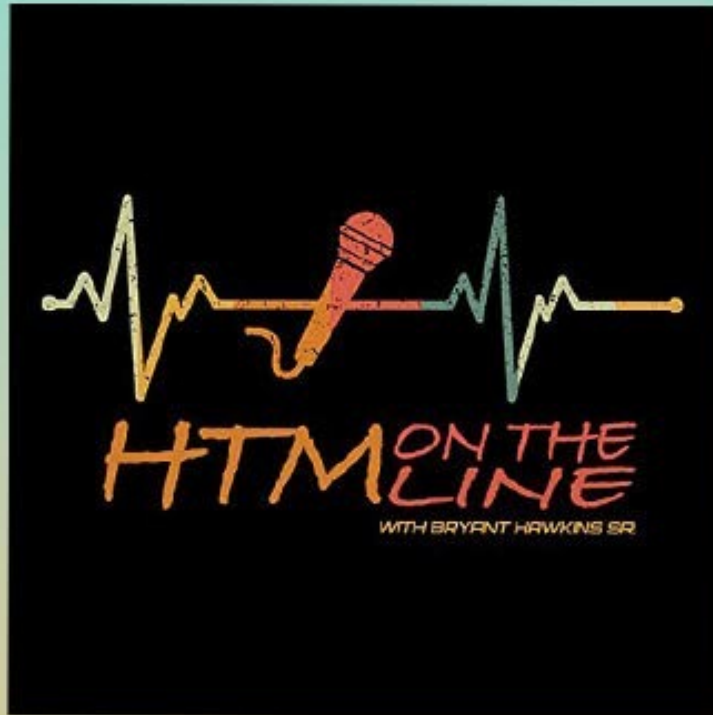

*Be Appreciative,
Show Gratitude*

No One Is
Perfect!

Don't Ever Stop Learning

Be Honest With
YOURSELF

Don't Be Afraid To
TO ASK FOR HELP

THE END GOAL
DOES MATTER

STOP OVERTHINKING

BE AN INSPIRATION

Work Hard, Play Harder

Overcome
ANXIETY

Learn from this Young Generation

PEOPLE WILL LIE

YOU CAN'T CHANGE PEOPLE

Time Is Our Most
IMPORTANT ASSET

*You are exactly where you
SUPPOSED TO BE*

Change Is Inevitable

The image features a warm, orange-toned sunset background. In the foreground, the dark silhouettes of two people are perched on the edge of a large, craggy rock formation. One person is standing on the rock, leaning forward and holding a rope that is attached to the other person, who is hanging from the edge. The sun is a bright, glowing orb positioned between the rock and the horizon, which is marked by a range of jagged mountain peaks. The overall mood is one of quiet strength and mutual support.

*Treat Others How You
Want To Be Treated*

A sunset over a field of tall grass. The sun is low on the horizon, casting a warm glow over the scene. The sky is filled with dark, dramatic clouds, some of which are illuminated from below by the setting sun, creating a fiery orange and yellow glow. The foreground is a vast field of tall, golden-brown grasses, some of which are in sharp focus, while others are blurred in the distance. The overall mood is contemplative and nostalgic.

As we bid farewell to March, we reflect on a month filled with innovation and advancements in the healthcare sector. This edition of the Tech In Touch newsletter continues our mission to bridge the gap between technology and healthcare, offering the latest trends, news, and insights to enhance both patient care and operational efficiency.

Featured Stories:

This issue showcases some familiar faces such as Pariss Jackson and Jim Doran. Paris continues to offer invaluable insights and inspiration for Radiologic Technologist. Jim Doran, Compliance Officer at the College of Biomedical Equipment Technology, presents the second installment of his series on Ethics in Healthcare Technology Management. We have a newcomer, Glenn Garrett, a renowned Talent Acquisition Leader, shares expert tips for acing virtual interviews.

International Spotlight:

We're going global again this month with our "International Spotlight," featuring stories from healthcare professionals around the world. This month, we highlight Naya James Mbabila from Ghana, sharing the impactful work being done by the Ghana Society of Biomedical Engineers.

Pariss Jackson, a seasoned expert with over 15 years in the radiology industry, shares insights into the life of a radiologic technologist, exploring the technological, business, and educational aspects of imaging. In this *Monthly Blog*, Pariss highlights the vital importance of initiative and proactive strategies for progress, stressing the need to cultivate trailblazers for organizational advancement and viewing failure as a crucial step toward innovation and success.
