BEST PRACTICES

- Consolidate shipments when possible.
- Ship all items in as few shipments, delivered on the same day to avoid multiple minimum charges.
- Clearly label shipments with company name, booth number, and event name.
- Have the following information on hand when arriving at the conference:
  - o Shipment tracking numbers
  - o Delivery date and location
  - o Outbound shipping instructions/labels
- While we do our best to waive additional minimum charges if shipments arrive on the same day this is not a guarantee, as if one shipment arrives at 9:00am and the other at 3:15pm, two separate teams will need to sort that freight, one for that day and one the following day.
